ST JAMES THE LEAST OF ALL

*The Rev Dr Gary Bowness continues his tongue-in-cheek letters
from 'Uncle Eustace.'*

When the film makers come to church

The Rectory
St. James the Least of All

My dear Nephew Darren

It has all been excitement and activity here this last week, with a period drama being filmed using our church. It was remarkable how many people felt the need to drop in to church to collect magazines, check the reading rota or arrange flowers, just happening to stumble over the film stars en route. If only they were filming every week, then our brasses would be permanently gleaming, woodwork smothered in beeswax and the notice board kept in a state of perpetual tidiness.

Our Ladies Guild was thrilled to be asked to take part in a crowd scene. I saw little point in the wardrobe department taking hours fitting them out with Victorian dresses, as the result was little different from normal. The only awkward moment came after filming, when Mrs Simms was told she could now remove her bustle. She told the girl she already had.

The producer thanked me for taking the trouble for going round church before they arrived, removing all those modern conveniences that would not have been there in the nineteenth century. I hadn't the heart to tell him that nothing was any different from normal.

Lord Marchmount was thoroughly miffed that they were not also using his castle for filming, even though the producer explained with exemplary patience that they needed a nineteenth century setting, not one which looked as if the cast had just returned from the Crusades. His revenge, getting the farm staff to spread slurry in all the surrounding fields throughout filming, has apparently meant that film stars now have a clause in their contracts protecting them from rural life. The issue

of whether the outbreak of salmonella poisoning in the cast had anything to do with the catering caravan being liberally coated, is to be settled in the courts.

When all was finished, I thought it only right to invite the film crew and actors to the vicarage for sherry. When the producer left, I was delighted to be told he had just discovered the perfect home for filming his next project - which is about Elizabethan poverty.

*Your loving uncle,
Eustace*

BEEKEEPING MONTH BY MONTH

Over the next months, Ruth and Ian Homer of Bride Valley Apiaries, Litton Cheney, are giving us an insight into the world of Bee-Keeping.

RULES AND REGULATIONS

As a food consumer, you have a right to expect that the food you purchase will be of the very highest quality. In general producers also have quality as one of their prime objectives and, in the case of honey, this is backed up by a rigorous set of regulations and standards at National, European and International level.

Up until a couple of years ago honey could, in the UK at least, only be sold in very specific quantities but we now have the opportunity to sell in whatever size containers we feel that our customers will prefer. Most beekeepers have stuck with the good old 454g (1lb) jar, but a number have adopted a 340g (12oz) jar as their standard. As with jams and marmalades, they often look like 454g, and the price is often very similar, so do be aware of what you are buying.

The International Standard is the *Codex Alimentarius* which, in effect, defines what honey is and what it should and should not contain. It defines the minimum content of sugars, such as fructose and glucose, maximum limits on the water content and on the sucrose content (another sugar) and, rather curiously it specifies acceptable levels of electrical conductivity. This is apparently quite an accurate measure of the naturally occurring ash content of honey (blossom honey has a low ash content compared to other honeys).

There are also a couple of ways

A honey bee reading the *Codex Alimentarius*

of determining whether the honey has been excessively heated during extraction, processing and bottling. Although most beekeepers would give you a blank look if you asked them what the diastase level or the hydroxymethylfurfural (HMF) content was of their honey, Trading Standards do analyse honey to check this from time to time!

Now we come to labelling of the honey. This is an area which sometimes causes confusion amongst beekeepers, largely because they may not be fully aware of the current regulations. There are a number of what are called “reserved descriptions” of honey; these are the only terms which can be used in order to avoid misleading descriptions. If a recognisable flower is depicted, the consumer could reasonably expect the honey to be from that source (whilst monofloral crops are readily achieved in some countries, the only one we generally see in the UK is ling heather honey). Similarly if a specific location is mentioned, other than as a brand name, the honey should be from that location.

Lastly we come to the thorny problem of veterinary medicines and pesticides. Thankfully, the Veterinary Medicines Authority (VMA) has approved very few medicines for use in honey bee colonies. Each of those which have been approved has its own maximum residue limit to ensure consumer safety and this can be checked by analysis of the honey. Anything which has not been approved should, in short, not be used.

I do hope, if you are a honey consumer (and if not, why not?) that this will have given you an insight into the measures taken to ensure a top quality product.

Ruth & Ian Homer

It is said that power corrupts, but actually it's more true that power attracts the corruptible.

The same are usually attracted by other things than power.

THE VILLAGE WALK.....

in August started off with a drive to Eggardon Hill, where we parked, and then had a very enjoyable 3 hour walk through “Hardy” countryside. The highlight was coming down a small track flanked by high banks to see a sign in front of us - Marquis of Lorne this way, Spyway Inn, that direction , and The Three Horse Shoes, the other path.

That’s what I call a useful sign! But try and achieve consensus!!!!

THE BARN DANCE.....

will be on Saturday November 12th at 7.00 pm in the Hall. Music is by The Casterbridge Band, and there will be a substantial buffet. Beer, wine and soft drinks will be available.

Tickets are limited to 50 and we were sold out last year, so do contact a committee member early, if you want to guarantee a ticket. Still only £7.50.

ARTSREACH NEWS

Townsend Productions present

"THE RAGGED TROUSERED PHILANTHROPISTS"

on Friday October 28th

In Burton Bradstock Village Hall, 7.30pm.

A classic piece of working class literature adapted from the novel by Robert Tressell, published in 1914

Two actors perform this adaptation which reflects on life in the workplace and the fragility of employment in difficult times, when, if you weren't able to work, you ended up starving or in the Workhouse!

Plenty of comedy routines worked around ladders, paint and plaster as a group of decorators "do up" the home of the local Mayor (think Del and Rodney!). Entertaining songs and music from Music Hall and uplifting hymns from The Temperance Hall as the decorators come to realise that they are their own worst enemies as the bosses walk over them. The play bears great relevance for audiences today - adult and teenager.

Tickets when available, from the Post Office, or in advance from Norman at 01308 897214: Adult £8. Teens £6. Family ticket (2 adult and two teens) £24

Don't miss it.

AUGUST'S FESTIVAL was a virtual sell-out and hailed a great success by musicians and audience alike. The Festival opened on a balmy Sunday with a tea party in the Rectory Gardens at which the musicians gave an informal

free concert and cream teas were served.

The eleven concerts played to full or almost full houses. They included a moving concert in memory of mandolin player Alison Stephens, which raised over £600 for a music prize in her name. Meanwhile, over 900 people visited the Art Exhibition with local artists selling over 45 pictures.

The committee has already met to start planning next year's Festival and is actively seeking private and commercial sponsors to ensure another great Festival in 2012.

BURTON BRADSTOCK PLAYERS

We are delighted to announce that Mike Read will be directing the pantomime "Ali Baba and the Forty Thieves" next February. This year we have an 'extra' production in November. The Players will be putting on a charity production on 17/18/19th November at 7.30pm in the Village Hall. The first half will be a One Act Play which is set in France at the time of the Liberation, followed by a Ploughman's Supper in the interval, and then a medley of wartime songs for the second half – an opportunity to join in and have a good sing!

Profits will be split between the Players and the British Legion. Janet Tolputt is looking for chorus members for the second half so please telephone her on 01308 898041 if you are interested in joining in.

EAT

To perform successively (and successfully) the functions of mastication, humectation, and deglutition.

"I was in the drawing-room, enjoying my dinner," said Brillat-Savarin, beginning an anecdote. "What!" interrupted Rochebriant; "eating dinner in a drawing-room?" "I must beg you to observe, monsieur," explained the great gastronome, "that I did not say I was eating my dinner, but enjoying it. I had dined an hour before."

How good it was to share our services during July and August with so many visitors of all ages. While many of our own congregation were away, we were supported by those on holiday here. We were especially grateful to those who helped us with the singing, and to Donald Reid who played the organ.

400TH ANNIVERSARY OF THE KING JAMES BIBLE

Sunday 16th October, 6.00pm, Village Hall, Puncknowle.

To Celebrate the 400th Anniversary of the King James Bible you are invited to hear Elizabeth Slater read some of your favourite passages from The King James Bible, that we don't often hear nowadays - washed down with wine and cheese. All welcome.

If you have a passage that you would like Liz to read please contact her on 897751 or Sue Brown on 897953.

BOOK CLUB

Although there were quite a number of members away on 7th September - on holiday mostly - the rest of us enjoyed discussing "The Colour" by Rose Tremain, which was about early settlers in New Zealand, and digging for gold there.

Our next book to read is "A Short History of Tractors in Ukrainian" which looks like a good read - apparently "an extraordinary read, nothing short of amazing!" So we will see if we agree at our next meeting on 5th October, when we shall also discuss each other's choice of books by foreign authors.

WOMANKIND WORLDWIDE CHARITY

Fundraising help needed

For the past 18 months, a small group of women in West Dorset has been raising funds to support the work of Womankind Worldwide. This is a leading international women's human rights and development charity which

works with women's organisations around the world to reduce violence against women, to increase girls' access to education and to support the struggle for women's rights.

We have so far raised over £2,000 in West Dorset through talks and table-top sales, evenings on the subject of Tudor Women, plants sales, jewellery stalls and car boot sales. We now want to ask other groups whether you could do a little fund-raising on behalf of this very worthwhile charity, too? Maybe you could organise a coffee morning or a talk, a bring and buy sale or a cream tea? Anything would be welcome and we can offer help in setting up an event, giving leaflets about the group – even a speaker and slide show about the organisation's work, if you'd like this?

To know more, to offer help or to request a talk by a speaker – contact Jo or Carol on 01308-897295 or apple.loft@btinternet.com

ARTSREACH

I am delighted to say that we have secured the ever popular Alison Neil to perform her one woman show '**LIVING IN THE LIGHT**' in the Village Hall on Wednesday 12th October, starting at 7.30pm.

This show has the feel of a Radio 4 afternoon play, and tells the story of Hildegard of Bingen who was one of the most remarkable figures of the Middle Ages. Living in the turbulent and dangerous 12th century, she was a musician, healer, artist, visionary, theologian, biographer, playwright and poet. Beginning life as a child-hermit, she rose to an unheard-of position; preaching in cathedrals, giving advice to an Emperor and criticising the Pope. Her writing about sex was extraordinarily frank and remarkably detailed - especially for a nun! Her writing on medicine is now valued by alternative practitioners, her illustrations are recognised as major works of art and her music topped the charts of Classic FM - 850 years after it was written! Hildegard's highly entertaining and moving story of friendship, love and struggle against authority is brought to life in this enthralling production which has been performed to great acclaim.

Please contact Doris Benselin on 01308 897562 for tickets which are priced at £7.50

LITTLEBREDY

VILLAGE CORRESPONDENT:

Email: pwbridehead@btinternet.com Tel: 482232

For various reasons, last month's magazine did not contain the promised flier to assess numbers and contributions for the **HARVEST SUPPER** in the Village Hall, which will follow the 6.00pm **HARVEST THANKSGIVING SERVICE** in Church on Sunday 9th October.

Therefore there may have been a flurry of enquiries

shortly before you receive this edition, but in any case could all those wanting to come to the Harvest Supper please make themselves known as soon as possible to Catherine Williams (482232) or Sandra March (482402), with an indication of what they can provide towards this enjoyable Bring & Share Event.

The last major event in the Church was the United Benefice Service held here on the fifth Sunday in July. Not only was there a good attendance from within the valley, but the congregation was swelled by the Brockham (Reigate, Surrey) Scouts, who were camping in the cricket ground for a week at the time. It was a very good and enlivening occasion in every way.

The weather relented enough for the Social Club's rounders evening to go ahead as planned on the cricket ground at the end of August. A relatively light showing from Littlebredy residents was augmented by several guests, and a fun game or two was had by all. Amazingly, as seems to happen every year, the end result was a tie...

Another forthcoming event (to be confirmed): subject to insurance, helpers, and so on, it is hoped to revive the village bonfire and fireworks event this year – November 5th itself is a Saturday. So please keep any rubbish which could help to build a big bonfire, for collection nearer the time if the event goes ahead, and also please be prepared to contribute a firework or two, or cash in advance in lieu, when the time comes. More news of this later...

400TH ANNIVERSARY OF THE KING JAMES BIBLE.

To celebrate this unique and historic anniversary, a display of Bibles and montage of biblical material is being mounted by the Mission Committee at St. Mary's Burton Bradstock. Some of the Bibles are valuable, and will therefore only be out in the church between 2.00 and 4.00pm, commencing Monday 17th October through to Friday 28th October. At these times the church will be manned by volunteers, who will be glad to show visitors round the collection, and if possible, provide refreshment.

HAVE YOUR SAY

BIBLE QUIZ TRAINING DAY

On 18th August, despite heavy rain, 8 young people had an energetic, action-packed day in the garden and on the beach, learning from Luke's Gospel, getting ready for the quizzes and having fun. Two intricate mazes were constructed to illustrate Luke 2: 41-53. When the parent's arrived at 4.00pm, they were treated to a robust drama portraying the Good Samaritan. They were however spared the "realistic" drama of the birth of John the Baptist and the angel striking Zechariah dumb.

We hope the Bible stories will stick very firmly in the minds of all who took part. Thanks to everyone who took part and /or prayed for the event and helped to make it a memorable day.

BRIDE VALLEY BIBLE QUIZZES.

Please reserve the afternoon of Sunday 27th November for the Bride Valley Bible Quizzes. (Venue and time details will be in the November BVN)

As I write, teams are being put together. We hope to have four or more senior teams (11-120 years), at least two junior teams, plus the Schools Derby. The Burton Bradstock school team are itching to get their hands on the cup after its three year stay at Thorners.

BRIDE VALLEY FLEDGLINGS

Our AGM will be held on Tuesday 4th October at 7.45pm in LATCH, and all parents are needed to come along to be part of the new Committee which helps to run the pre-school. Fledglings is a charity and while it receives some funding, help is also required with fundraising several times a year.

So please put the date in your diary and come along.

Activities this half term will include learning all about Autumn - making a tree using hand prints, fruit printing, baking apple cakes, and village walks.

If you have any unwanted pots and pans, we would like them for our role play kitchen.

Places are available now for pre-school children - please contact Fiona Evans on 01308 482410 or just drop in to look round our dedicated playroom, outdoor play area and all the other facilities on site at Thorner's School. I

BURTON BRADSTOCK W.I.

"**THE STORY OF ENGLISH CHEESE**" will be our speaker's subject on Tuesday 11th October.

We shall also be working on the WI's current national campaign, "**LOVE YOUR LIBRARIES**" – urging communities to use them, share why we value their services, and raise awareness of the

threats to their future. Let's hope this helps our own library.

Do you know what else the WI has been campaigning about? "SOS – save the honeybee"; "Why Dairy Farming Matters"; the campaign for clearer "country of origin" labelling on our food – did you know that sausages made of meat from Timbuktu could be labelled "British sausages", provided that they'd been processed in this country? W.I. members can get involved in any issues affecting the life of our families and communities.

The W.I. also provides opportunities for women to learn new or traditional skills, either with our groups here in the village, or further afield. It's fun, and a good way to make new friends.

Interested? Contact the Secretary on 01308 898484.

THORNER'S CE VA PRIMARY SCHOOL

Welcome to the new academic year!

With a climb in our Reception intake this year, we started the new year with four classes instead of three: the new Reception children have their own 'Litton' class, Years 1 and 2 children are in Chesil, Years 3 and 4 in Bredy and Years 5 and 6 in Eggardon.

The children returned ready for their new year. In the very first week, the whole school, including the new Litton children, walked to church for an uplifting service. It is wonderful to have this strong and supportive link with our community.

Thorner's offers our children a broad and balanced curriculum as well as a variety of extra curricular activities. There are lunchtime clubs, which include a choir, ball games, a gardening club and an Eco Club. There are also football, recorder lessons and an after school cookery club. Music lessons are offered in keyboard, flute,

clarinet and violin.

Please let us know if you can help with a club, or run a club, preferably at lunchtimes, because about half our children go home on the bus at 3.30pm. An after school club would also be gratefully received, as would help with reading with individual pupils.

We are now signed up to be an Eco School. We already have energy monitors and our planned activities include lunchtime 'finish your food' campaigns, exploring the possibility of solar panels and, of course, our Discovery Area, which has been busy over the summer.

A definite for your diary: the Big Green Apple Day on Saturday, 15th October from 2.00pm - there will be apple tasting, apple bobbing, apple woodblock printing, apple pressing, etc! Lots of other activities are planned and there will be a variety of stalls, live music and, of course, tea, coffee and cakes! Please come and, if you can help, that will be the toffee on the apple!

ARE YOU HAVING TV RECEPTION PROBLEMS?

I understand that some people in the area, who were receiving digital television without problems, are now finding that some channels have disappeared.

The Dorset Broadcasting Action Group (DorBAG) is liaising with Digital UK on this issue, but would anyone else who is having problems, please let me know, giving full details of which channels are giving problems and when the problem started. We will endeavour to get the broadcasters to sort it out, however we do need to have facts to present to them. E-mail ken.pett@btinternet.com or telephone.

PACT - YOUR COMMUNITY, YOUR SAY

PACT is an acronym you may have seen on posters or notices, on the sides of police vehicles or elsewhere, but what does it actually mean? It stands for *Partners and Communities Together* and is a process, which allows the police and their partner agencies to engage with all sections of the community. Through PACT your Safer Neighbourhood Team (SNT) will identify the issues that affect you. With the community and partner agencies the top three priorities will be agreed, along with how everybody can best work together to resolve them. It is important that the priorities chosen are ones that can be achieved.

Dorset is considered a safe place to live. However, not unnaturally,

communities are concerned about what happens in their local area and sometimes this can create considerable apprehension about the level of crime. Your SNT is there to identify, through you, the issues that concern your community and then work with you and partner agencies, e.g. local councils and housing associations, to address those issues. Their aim is to make every neighbourhood a place where the residents are safe and feel secure.

There are several elements to PACT. These include PACT Surgeries; PACT Public meetings, PACT Panel meetings, Virtual PACT Panel, PACT Surveys, PACT Postcards. Whatever elements are employed, the aim is to identify issues that are of concern to local residents in any given community, agree, from these, three main priorities, how they should be resolved and by whom.

A very important part of PACT is telling communities what has been done to deal with the priorities they have raised and the results. This could be provided in several ways, follow up meetings for example. Also each SNT website displays the current priorities for their neighbourhood and the work done or that will be done to deal with them.

To identify problems in your area you want dealt with we need your help. Please use the links on your local neighbourhood page to find out about meetings or events in your area, send us a message or use the contact information below.

For more information, please contact Dorchester West Safer Neighbourhood Team: tel 01305 222 222, 07500 816 292, email: dorchester-rural-snt@dorset.pnn.police.uk

OUR COMMUNITY PROJECT NEEDS YOU.

Please can you help our voluntary project at Thorners School? We are a very small group of families who have been working for a year now to tackle the thorns and regenerate an acre of land at Thorners School into an outdoor learning and conservation Discovery Area. The project once cleared and completed will be also available for use from the other Bridport Cluster Schools.

Last month we won the Dorset Wild Life Trusts second prize as community wildlife garden, so we must be doing something right! We have planted an orchard, funded by the Dorset AONB, a living willow Story Dome, An Edible Forest Garden, where all the plants have been donated from Freecycle. We are sowing a wild flower meadow area, building study decks and a wetlands area, butterfly and bird gardens, history and science zones, and much more.

How can you help us?

There are many ways in which we need your help. So far we have relied on word of mouth, but wanting to push the project onto its next stages,

we felt it time that the Valley know about our cause.

Firstly, we are falling short of many materials for the project, and still need paving slabs, bricks, wood, cut hazel and willow, fruit bushes, native plants, bulbs, plastic 1 litre drinks bottles, car & tractor tyres, wooden posts, broken tiles, garden tools and wheelbarrows, tree slices, sand, gravel and so much more !

Secondly if you are someone who likes being outdoors, and would like to help us develop the plans, we would love you join us - everyone welcome, any age !

Lastly, we need woodworkers to help us make structures and benches, and people who would like to try their hand at wildlife gardening too.

Please come to The Big Green Apple Day on Saturday, 15th October - our first fundraiser and awareness event so we can tell you all about it. Come from 2.00pm onwards for a celebration of sustainability, conservation, green skills, busking musicians and all things “apple-y”!

Join us in our discovery space at Thorners school for teas, cakes, local hot foods, stalls, woodland crafts, braiding, Treewise, Forest School, willow sculpting, moths & butterflies, children’s nature trail and lots of hands on activities - tree dressing and lantern making, pole lathing, apple pressing (though bring your own apples) lots of “apple-y” things, or make a quirky bird feeder & lots lots more on the day: £1 entry for adults, children free.

Then stay for the film "BOTTLE SHOCK" which tells the story of an English Wine Merchant in Paris (our very own local resident and wine guru Steven Spurrier) who set off to California to organise a blind tasting, pitting the complacent and arrogant French against the upstarts of the New World with surprising results.

BRIDE VALLEY GARDENING CLUB

August seems to have sped by without much to report on the gardens, but September now has everyone hard at work harvesting wonderful loads of fruit. Not even the wasps are making much of a dent in the plum crop this year.

The Gardening Club is looking forward to their final meeting in October, when Mrs. Crouch will be telling us about winning the BBC Gardener of the Decade competition at 7.30pm on Monday, 17th October in the Village Hall, Puncknowle, and this will be followed with wine and cheese to celebrate the end of our year.

The first meeting of 2012 will be on March 19th and BVN readers will be advised well in advance of the very interesting new programme we are putting together.

JOBS To Do:

While the soil is still warm plant hardy trees and shrubs. Prune climbing roses and tie in the stems and reduce shrubs such as Buddleja and Lavatera which can be prone to windrock. Harvest late crops that frost will spoil such as carrots and turnips.

FROM THE RECTORY

THE RECTORY., BURTON BRADSTOCK,
DT6 4QS

TEL: 01308 898799

I have been making crab apple jelly, which is very easy to do and ends up clear and vibrant, the colour of the distillation of Autumn, if one is not too greedy. If you squeeze the jelly bag to get out those extra few drops the whole jelly will be clouded, and serves you right.

But I do not want Autumn yet. Someone suggested putting the odd clove in a basin full of crab apples when making the mash, and I know what they meant. The flavour would be good, but I could not bear it tasting

as if we were already half way to Winter – which we are not, I do insist. At the moment I am still unrequitedly in love with the Summer, such as it was. I know there were complaints about the lack of long spells of blistering heat this year, but they were much the same protests as we were making last year and the year before. I can forgive July and August being moderate, and would give up all claims of complaint for even a few days of the remembrance of high Summer – if only there was such a bargain to be struck.

I am getting older.

But there is no such deal to be made, and so I will have to content myself with being resigned to Autumn, to learn again its compensations for the loss of the sun, and to discover again its own delights; kicking leaves, beautiful colours, cozy fires and jelly sandwiches.

So maybe Autumn is a young season after all, in which case it is up to us to be children in it for God of His goodness to bless.

THE WELL

Since the cream tea in July, people have been asking: “What is the Well?”

A lot of people do not know that I have a day job. In fact, ministering in the Bride Valley is what I do in my spare time alongside supporting Bob as the Rector’s wife, caring for my family, looking after the Rectory and its gardens, rescuing dogs, being a yoga teacher, spinning, felt making, Godly Play and all of the other things I like to do as hobbies and interests.

My day job is licensed by the Diocese and I am answerable to The Bishop of Sherborne. I work for The Well, whose aim is to provide Spiritual Direction and Retreats, and to promote prayer in the Christian Tradition. That all sounds very worthy and posh, but what it actually means in practice is that people consult me about their life, their beliefs, hopes, dreams, sense of vocation and aspirations, as well as their challenges, struggles and problems. As we travel along my job is to ask “where is God in all this?” and to help them put together their faith and what they actually do about it in a coherent whole. In spirituality parlance it is called praxis – putting together theory and philosophy with day to day practice. I also provide quiet space and Retreats, here at the Rectory and by invitation elsewhere, training locally and in the Diocese and a storytelling technique called Godly Play.

At the moment the Well is a new and small charity. I am the only deliverer of its aims and it has very small funds. However, in time it is hoped by the Trustees that the Well will grow and help others who provide Spiritual Direction, Retreats etc. by supporting training and day to day work in this area.

Through the donations given to my work and fundraising, the Trustees

and I are hoping to grow the work of The Well. If you are interested, do talk to me and I will be delighted to respond to your enquiry.

Jean Thorn, Clerk to The Trustees of The Well.

FROM THE REGISTERS

Catching up on the registers during August will have to wait in good part for next month's magazine, for which apologies.

FUNERAL

I did return from holiday just in time to be able, in grief, to report on the funeral service of the late **RAYMOND LAVER** and of **REX LAVER**, Father and son, whose joint funeral took place on Tuesday, 6th September at St Mary's Church, Puncknowle.

The large congregation gathered in church, and spilt over into the Churchyard, where the service was relayed by p.a. All were keenly aware of how very soon this sad event followed the sudden and unexpected death of the late Mark Laver, in bereavements closely felt in the village and for the family.

The service was conducted by the Revd. Canon Andrew Evans, the Rector of Bridport, who spoke of how close Rex and Ray had been in life. There were stories told; of football, and the young team packed into the van that transported fish, of fishing and of the business the family had run in Weymouth, of steam rallies, and of Rex having to rescue Ray following his

adventures on his invalid scooter. He spoke of declining years and the loving dependence Ray and Rex had upon one another until their death together was almost a mercy, in that it relieved one or the other of them from living apart.

We sang “*When I needed a neighbour*” and “*A new commandment*” before the service ended with “*Gone fishing*” relayed into the Church. Then the mourners, led by Keith Laver and the family, followed the two coffins outside.

IMAGINE BAPTISING TRIPLETS!!

On Saturday, 28th August, **CHRIS** and **CAROLINE PIKE** of Bridport returned to Litton Cheney, where they were married, in order to give thanks for the gift and protection of their three boys **BENJAMIN THOMAS**, **WILLIAM CHRISTOPHER STEPHEN**, and **EDWARD ERIC**, all born on 29th August, 2010.

Caroline attends the Tots Service at Burton Bradstock on the second Friday of each month.

The triplets’ Baptism was delayed as all three had been kept in hospital for quite a while, and especially William who only recently came off oxygen support.

Chris & Caroline not only wanted to express their gratitude to God but also their desire for their children to be brought up in the Christian faith, and so with godparents Ashley, Lloyd and James they joyfully promised to bring their boys up in the way of Christ.

Litton Church was filled with 20 children and over 60 family and friends to support them. Their singing was enthusiastic and everyone was attentive as Ryder did some origami to illustrate how God puts us together in families in Psalm 68, and how we need to be faithful in our response to the Lord and responsibility for one another.

After a sharp shower everyone went off to Marsh Barn to celebrate the children’s baptism and birthday.

THE COW AND THE BIBLE

A religious farmer lost his Bible out in the field. A few days later he went to answer a noise at his door. Standing there was a cow, with his Bible in its mouth.

The farmer raised his eyes to heaven and thanked the Lord for this miracle. “Not really,” said the cow. “Your name was written inside.”

Bible Sketchbook

Can these dry bones live?

Greed in high places – politicians, police, press; teenage riots and extremist ideologies... Are these today's "dry bones"?

Maybe, like Ezekiel, we need to prophesy to them and tell them about God's Word; about Jesus; about his Holy Spirit.

And God's promise as we do so is to send his "wind" - his Holy Spirit - and "to bring you back to life" – part of a great army!

Do you want to experience this?
Do you want to help others do the same?

THE POWER OF GOD'S LOVE

A bridge needed to be built across a large, busy river so divers were sent to explore the river bed. The divers discovered a wreck of a large old sailing ship buried in the deep mud just where one of the bridge's main piers needed to be built. They used ropes and powerful tugs, but no matter what they did, the wreck would not budge.

Then an engineer had an idea: the river rises and falls with the tide twice a day so why not use the power of the whole ocean to lift the wreck? At low tide ropes were fastened to lots of barges and then they waited. As the barges rose on the ingoing tide so the ropes tightened and pulled. And slowly, the wreck was eased out of the mud. Nothing could resist the power of the rising water.

And so it is with the love of God. Nothing can resist its power or stand against it. When we would give up and say 'it is impossible', God's love is bigger than any ocean and He changes what we believe is unchangeable.

WHAT WATER?
